

April Meeting News

Date: Wednesday, April 15, 2015
Location: Texas Instruments, So. Portland, ME
Attendance: N/A
Subjects Covered: Casco Bay Region Climate Change, Critical Infrastructure, related areas, briefing of emergency related meetings

11:00 - Attendees arrived and meeting began

Topics:

- * Bill DeLong gave an overview of the Casco Bay Region Climate Change Adaptation Planning Program. A link to the report is located on the Financial & News page beside the meeting minutes.
- * Jim Fraser provided a briefing on meetings he has had with educators in some Maine criminal justice, emergency management/homeland security, information security and related programs. He will keep everyone posted as they build some collaboration of value to the Chapter, programs, and especially the students.
- * Discussion of possible meeting and presentations on different security related certifications on May 20th, and will keep the group advised. All are encouraged to contact Jim with any particular interests or needs.
- * Thanks to David Price and his associates at TI for providing the venue and lunch.
- * Thanks to Chris Bender of Norcross Group for the presentation on building security programs

13:30 - Meeting adjourned
